

MANUVARTHI SAI AKHILESH

akhileshmanuvarthi@gmail.com || 9686733423

EDUCATION

Christ University, Bangalore
B.Tech, Information Technology

Jun 2015 - May 2020

EXPERIENCE/INTERNSHIPS

Fincity

Frontend Developer Intern

Sep 2020 - Nov 2020

Bangalore, India

- Worked on UI development for consumer web application. Used React, React Hooks and Tailwind-css for building reusable, modular components. Got familiar with Lerna mono-repositories and good development practices.

Reliance Industries Limited

Web Developer Intern

Apr 2018 - May 2018

Kakinada, India

- Worked on a login portal for employees. Used Node.js and MongoDB on backend, built web pages using Bootstrap on frontend.

BHEL

Intern

Oct 2017

Hyderabad, India

- Studied computer hardware and software components used in a manufacturing company. Got familiar with SAP.

INDEPENDENT PROJECTS

Group Task Manager

A web application to manage and track progress of tasks of team members. Made using Node.js, Express.js on backend and Semantic UI components for styling.

Hacker News Clone

A news site made using MERN stack. Users can post articles, interact(comment, vote etc.) and follow topics to get articles in their feed.

E-commerce Platform

A demo shopping app(without payments) made using React and Redux. Sellers can generate fake products and manage them. Buyers can shop and track the deliveries. Fake data generated using faker.js library.

Data Dashboards

Dashboards using D3.js with data from World Bank Open Data and UNdata.

Redesigned LinkedIn

A React based UI for LinkedIn based on this popular redesign:

<https://www.behance.net/gallery/43661487/What-if-Linkedin-was-beautiful-Redesign-concept>

These projects can be found on my GitHub profile:

<https://github.com/akhileshm97>

TECHNICAL STRENGTHS

JavaScript, ReactJS, Redux, D3.js, HTML, CSS, Bootstrap, Semantic UI, Tailwindcss, Node.js, Express.js, MongoDB, Python, C

WORKSHOPS

Cloud Computing)

June 2016

Microsoft (Bangalore)

Hands-on Workshop and Certification on Microsoft Azure Cloud Computing and IoT.

Adobe Photoshop

March 2019

Skyfi Labs (Bangalore)

- A 3-day project-based training program on Adobe Photoshop.
